Letter #120

## Watch for the “January Surprise”

Everyone is rejoicing about the recent elections which were **devastating** to Der Fuhrer’s political party and intents. I am also happy to see the “Socialist Workers Party” (Democrats) lose some power but I never forget what happened just one year ago. Last Nov., in off-year minor elections, the Democrats lost big also. The day after those elections Harry Reid said, “Healthcare is dead.” After getting a scolding call from Der Fuhrer that night, Reid got up **the very next day** and said he was going to keep trying on Healthcare. Then Obama and the Socialists did their illegal, immoral, dishonest “51 vote majority” and just two months later the world’s greatest healthcare had been turned into the “Worker’s Nightmare.” (That, of course, the very Congress that had voted it through was **exempt from!**)

Obama is a Communist. Communists are dictators. Obama thinks and acts like a dictator thinks and acts. **Watch** for some new, illegal, underhanded, abominable trick by him and the Dems to secure their power on the people of this country.

## You WILL Curse Virginia Phillips!

On Sept. 9, 2010, Judge Virginia Phillips, a typical dictatorial liberal judge from California, over threw the **Federal** policy of “don’t ask, don’t tell” hoping to destroy the world’s greatest military by infesting it with sex perverts. After queers have driven the normal soldiers, marines, sailors and airmen from our military by turning them in for sexual harassment, military barracks will turn into queer party houses. Then, when a war starts and these perverts are defeated in battle and our nation is left defenseless against the likes of Red Chian and North Korea **you will curse** this liberal dictator for single-handedly destroying the United States of America.

## “Don’t Ask, Don’t Tell” a Second Look

The sheer evil of our News Mafia is unfathomable. **Think** about this: **before** Bill Clinton declared the policy of “don’t ask, don’t tell” queers were **forbidden** from serving in our military. **After** Clinton’s decree they were allowed to serve if they “stayed in the closet.” Well then, if the beast, Judge Phillips, **repealed** “don’t ask, don’t tell” then military policy should return to how it was **before** the policy, meaning, queers, **once again** are no longer to serve in the military. But our evil News Mafia has pulled another fast one on the American public and interpreted Phillip’s vile decision to be a **victory** for evil rather than the **defeat** it should be.

**How do we overthrow the News Media?!**

## Our Greatest Need

If our greatest need had been information, God would have sent us an educator.

If our greatest need had been technology, God would have sent us a scientist.

If our greatest need had been money, God would have sent us an economist.

If our greatest need had been pleasure, God would have sent us an entertainer.

But our greatest need was forgiveness, so God sent us a Saviour.

## John & Kim Niehaus

Bro. John Niehaus pastors the Mt. Hope Baptist Church in Harrison, Ohio. He and his wife, Kim, also do the lion's share of running DayStar Publishing for me. They take and ship orders and basically keep everything running like a Swiss watch. I constantly get comments from folks ordering books from DayStar about how nice they are to customers and how efficient they are in filling orders. Simply put, **they** are the reason I don't have a bleeding ulcer! It amazes me they can take care of their church responsibilities and still carry the load of DayStar...in a generation that is always whining about having to much to do. **We thank God for them!**

## It ALWAYS Been the Media!

1. **"Bad Boy Bikers"** - The famous biker picture of the '50s showing a mean looking rebel biker was **manufactured** by the News Mafia. The man shown leaning on the parked motorcycle with a beer bottle in each hand and cigarette hanging out of his mouth **was a reporter!** He faked the "Bad Boy" picture because the bikers were too peaceful. **After** that picture bikers have been trying to live **down** to that image.
2. **The Mafia** - Many of the things the Mafia does they **didn't do** until they saw them in "The Godfather."
3. **New Zealand** - The Whites **bought** the land from the native people, the Maoris, and the two races always got along well...until American television reached New Zealand. Then Maoris assumed Black traits and manners and claims of racism. Racial unrest came with the American TV!
4. **Blacks** - If you are black and you shuck & jive & rap and talk trash, **that's not what you ARE!** That's the stereotype Hollywood assigned to you. The entire Black culture, including the "right" to hate all White people, has been **manufactured** by Hollywood and **promoted** by the News Media. There would be **no** racial unrest if there was no News Media!

## What's Coming?

I truly believe President Obama wants to be our **last president** and our **first dictator**. I believe there is nothing he will stop at in an effort to achieve this. We saw him lie, buy and misinform Congressmen in order to get them to "vote" his "51 vote majority" in the Senate in order to pass his Hell-thcare pogrom (sic). Yet, once he got what he wanted from them he abandoned many liberal Democratic Senators to defeat in the recent election. **He cares about no one but himself and the increase of his own power.**

The one thing all dictators **must do** is to get guns out of the hands of their perspective slaves. That is a **seriously difficult job** in this country. What is needed is **an emotional issue** that will cause citizens to willingly disregard the Constitution's mandate of our right to bear arms. Here's one: a bloody attack on the UN Headquarters. I recently heard a **news reports** revealing the UN's security measures weren't up to date. **Why would that be reported openly?!** Of course the perpetrator would be a gun-toting Christian. **That** would get folks willing to surrender **your** weapons to Der Fuhrer!

*"This year will go down in history. For the first time, a civilized nation has full gun registration. Our streets will be safer, our police more efficient, and the world will follow out lead into the future!"*

**Adolph Hitler, 1935**

## Fight On!

Deane and Lorraine Lengkeek of Holland, MI., were hiking to Iceberg Lake in Glacier National Park on August 30, 1991, when a sow bear with two cubs attacked them. The beast charged into Deane and bit him in the shoulder, arm and chest. Before the attack happened, Lorraine, a 62 year old grandmother with fifteen grandchildren, had been musing over the beauty around her and singing the hymn, "How Great Thou Art." Now she was watching a mad grizzly bear savaging the man she had spent most of her life with. This would never do! The only weapon Lorraine had was the binoculars she was carrying around her neck. The 5' 4", 130 lb. grandmother and wife took the binoculars by the strap and in a defensive rage swung them, smashing them down on the bear's head. The stunned brute looked up at the fire in the little lady's eyes and bolted.

Deane was helicoptered to the hospital and survived. **Fight on!**
